

REMARKS

The following comments of the applicant are preceded by related comments of the examiner in small bold type.

Claim Rejections – 35 USC §112

Claims 29-33, 35, 36, 38, 39, 41-45, 48, 50-52, 54-58, 60, 61, 63-76, 78-99, 102, 104, and 105 are rejected under 35 U.S.C. 112, first paragraph, as failing to comply with the enablement requirement. The claim(s) contains subject matter which was not described in the specification in such a way as to enable one skilled in the art to which it pertains, or with which it is most nearly connected, to make and/or use the invention. Claims 29, 44, 45, 52, 102, and 104, it is unclear how the thermoplastic bonding component being bonded to the surface of piezoelectric element can also include a filter and function as one. Fig. 3 shows the thermoplastic bonding component (90) to be bonded to a surface of a piezoelectric element (34, 34'). However, since the thermoplastic bonding component is bonded to the surface, it is not possible for it to function as a filter since the bonded surface of piezoelectric element would prevent the flow of fluid to flow to the other side (bonded side) of the thermoplastic filter (Fig. 3).

The claims have been amended.

All of the dependent claims are patentable for at least similar reasons as those for the claims on which they depend are patentable.

Canceled claims, if any, have been canceled without prejudice or disclaimer.

Any circumstance in which the applicant has (a) addressed certain comments of the examiner does not mean that the applicant concedes other comments of the examiner, (b) made arguments for the patentability of some claims does not mean that there are not other good reasons for patentability of those claims and other claims, or (c) amended or canceled a claim does not mean that the applicant concedes any of the examiner's positions with respect to that claim or other claims.

The fee in the total amount of \$460 for the Petition for Extension of Time is being paid concurrently herewith on the Electronic Filing System (EFS) by way of Deposit Account authorization.
